## 2025 NEW YEAR’S STORMWATER RESOLUTIONS - FROM THE LEWISBORO STORMWATER COMMITTEE

Please do your part to prevent contaminants from entering our lakes, streams, wetlands, and drinking water via stormwater runoff by making the following resolutions. Phosphorus is the single most important contaminant in our water and if the other nutrients necessary for growth are available, and they usually are, one pond of phosphorus will result in 500 pounds of plant growth. A little goes a long way! Please read the following possible resolutions and commit to doing as many as you can.

- I will check to see when my septic system was last pumped and if it hasn’t been done in the last 2 or 3 years (5 years is the legal maximum), I will have it pumped.
- I will use water efficiently so I won’t overload my septic system, which can shorten its life.
- I will not use fertilizer containing phosphorous since it is against the law.
- I will use a mulching mower that mulches grass cuttings and leaves while mowing or compost leaves and other yard waste.
- I will cover bare soil with grass seed and mulch to prevent erosion of earth and its associated phosphorus.
- I will pick up after my pets and dispose of their waste in the trash.
- If I live near a lake, stream or wetland, I will plant a native buffer or rain garden to slow the flow of rainwater or storm water. This will allow more water to soak into the ground rather than flow over it carrying pollutants directly into the body of water.
- I will plant native plants which need less water and fertilizer to thrive.
- I will leave the leaves where they fall in wooded areas where they will decompose naturally.
- I will check my car for oil and antifreeze leaks and have any leaks fixed.

# COOPERATING AGENCIES

## PUMP OUT YOUR SEPTIC SYSTEM! IT IS THE LAW!

To protect the quality of the area’s drinking water, Westchester County and Lewisboro instituted a septic system inspection requirement in 2011. Septic systems are a source of phosphorus which accelerates plant and algae growth and can kill Lewisboro’s lakes and watercourses, destroying much of the scenery that makes our Town such a wonderful place in which to live. This law requires that each septic system be pumped at least once every 5 years. Failure to do so may result in significant fines.

This means that if you haven’t had your septic system pumped since 2019, it’s time to do so NOW. Many septic systems require pumping more often than every 5 years, depending on usage or condition. Have your septic pumped out this season by an authorized Westchester County septic hauler.

Keep your copy of the septic system inspection report as proof if records get lost. Bureaucracies are not perfect and the report is the only proof that you obeyed the law!

Working independently or in a group, the kids learn how to use different kitchen tools safely and take turns measuring and mixing. While the dish is getting ready, we will often have a quick discussion about how food grows, who grows it, and how it got to our kitchen. ## TEEN TREKS CAMP

(entering grades 7-10 in the Fall of 2025)

Registration for all Town and School-District residents will begin on **Saturday, February 1st, 2025** from 10:00AM – 12:00PM at our office located at 99 Elmwood Road, South Salem, NY. We are available for in-person registration Monday – Friday from 9:00AM – 5:00PM, including extra hours on Thursday, February 6th from 5:00PM – 7:30PM.

We will continue to offer online registration for Teen Treks, which will be live at 10:00AM on Saturday, February 1st. In addition to the online registration, you will need to fill out the necessary paperwork for your camper to be able to attend. This paperwork includes the camper registration form, behavior policy, trip permission form, and a copy of your child's immunizations from their doctor. All forms must be returned to our office **no later than Friday, March 7th**. Space is limited and we anticipate that spots will go fast. Please remember there is a 3% service fee for all credit card transactions.

There will be two buses for our 5-Day program (Monday - Friday) and two buses for our 3-Day program (Tuesday - Thursday). The 5-Day program will go on trips to local facilities (bowling, ice skating, arcades, etc.) on Mondays and Fridays and will join the 3-Day campers on Tuesdays - Thursdays on the more traditional trips in the tri-state area (amusement parks, tours, baseball games, etc.)

- WHEN:** Monday - Friday, June 30th – August 8th  
(No camp July 4th)
- WHERE:** John Jay High School (and various locations throughout the tri-state area)
- HOURS:** 9:00AM – 3:00PM (subject to change based on each trip)

### FEE:

Program	Resident Rate	School-District/Non-Resident Rate
Teen Treks 3 Day	\$1,900	\$2,200
Teen Treks 5 Day	\$2,400	\$2,700

### NOTE:

1. Transportation is provided at no cost from specific points in Lewisboro. Refer to bus information section on page 14 for further details.
2. While we will try our hardest to accommodate all friend requests, please be aware that we are required to adhere to very specific camper to counselor ratios as per the Westchester County Department of Health. Groups **MUST** have a 1:12 counselor to camper ratio. Because of this, we always prioritize friend requests over group demographics. Your camper may be placed with campers older/younger, or of a different gender, but will have their **one** requested friend guaranteed. Please only write one request on your registration form. If you write multiples, only the **first** will be honored.
3. Friend requests may not be changed after registration unless there are serious circumstances that warrant a change. As you can imagine, creating exact groups of 12 campers while juggling friend requests is a time-consuming process. One change after groups have already been made can easily create a domino effect.
4. Parent Orientation will be in June TBD.

- ACTIVITY #:** **330107-A1 – 3 Day**  
**330107-A2 – 5 Day**
