FOR YOUR INFORMATION

A FALL MESSAGE FROM THE LEWISBORO STORMWATER COMMITTEE

It's fall, when we deal with falling tree leaves and garden beds that are finished for the year. How we treat our yard can make a difference to our lakes, streams, and wetlands, and to our drinking water. Leaves and end-of-season plants, like all organic materials, release phosphorus as they decay. Phosphorus is a very troubling pollutant to our waterways. Additional phosphorus accelerates the growth of aquatic plants and toxic algae: a pound of phosphorus enables the growth of 500 pounds of aquatic plants and algae.

As you deal with leaves this fall, do not blow them into lakes, streams, or ponds. If you use a landscaping service, make sure they don't use waterbodies as a convenient but polluting disposal system. Gather the leaves into a compost pile away from the water, or use a mulching mower to produce natural fertilizer for your lawn.

In wooded areas or garden beds, let the leaves stay where they fall. That will eliminate erosion from bare soil and will minimize runoff. Leaves also provide important winter habitat for wild animals including some pollinators.

All year long, you should pick up pet waste and dispose of it in the trash to will keep its pollution from running into streams and waterbodies.

Get pumped!
Septic, that is.

MAINTAIN YOUR SEPTIC SYSTEM TO PROTECT THE ENVIRONMENT

A properly functioning septic system can protect the health of individuals and the environment. If you maintain your septic system, you can extend its life and prevent pollution of drinking water and recreational resources.

Pump out your septic system regularly! It's the law to pump at least every 5 years!

To protect drinking water in our area, Town law requires that septic systems be pumped at least once every 5 years. Experts recommend pumping out older systems and those in fragile environments every 2 to 3 years.

MEN'S BASKETBALL

This is an opportunity to have fun and gain physical fitness. The program will focus on pick-up games, with teams formed, on a weekly basis, on-site. The pick-up games are not part of a regularly scheduled season of competition or a championship series. Instead, it is a more-or-less spontaneous game, with teams often made up on the spot. There are no repercussions beyond the final score in terms of standings or future commitment. Participants must wear sneakers and bring their own water bottles.

FOR: Adults, 18 years and older
WHERE: John Jay High School Gym
WHEN: Thursdays, Dec. 5th – Feb. 27th – JJHS Gym
Dec. 23rd, 26th and 30th – Lewisboro Gym

RACQUET SPORTS

The Town of Lewisboro offers our residents two locations for tennis play. Four all weather courts are featured at Fox Valley Park in Goldens Bridge that were rebuilt in the Spring of 2012. There are four soft surface tennis courts at Onatru Farm Park on Elmwood Road in South Salem.

Here are some policies with court usage for the 2024 season:

PERMITS: You must have a permit to play.

- **ABSOLUTELY NO LESSONS ARE PERMITTED UNLESS OFFERED BY THE TOWN OF LEWISBORO.** No exception of any kind will be considered or permitted.

Individuals who were members last year can renew online at lewisbororecreation.com and we will mail the key and permit to you unless YOU email parks@lewisborony.gov and make arrangements for your key to be picked up so you can play right away.

All new members will have to come to the office for a photo ID and pick up a key.

For more advanced players, we will introduce or further develop the serve, overhead, and lob. We will concentrate on timing, accuracy, consistency, and court positioning. Exercises, drills and games will be age and level appropriate. Props will be used as needed to guide and assist the players.
